43 Before time allows Genl to take Recd orders. Post up after his return. on 5th inst

Hd 8/12

44 In letter N. 13/1379 dated the 11th December 1893, the Asstt Adjutant General, Bangalore Dist says that the land to the west of the present police drill ground cannot be made over for any purpose as it is required for extending the present East Hunting lines. It is further noted that the ground made over to the Municipality for constructing quarantine buildings for the hospital lies east of the hedge. If the ground a row of buildings in the proposed new lines will be but 20 feet from west side of the hedge.

Please see para 23 of note.

Thus

45 Thus it would appear that the existing police drill ground is alone available for the proposed improvements of the hospital without the additional strip asked for by the Municipality. In al. No. 2 the President has asked whether the ground may be prepared for constructing buildings thereon. If approved, the President may be informed that the additional strip required is not available but that the existing drill ground, if sufficient, may be taken from the D.S.P.

46 The Police Force will then be deprived of ground for drilling. Please see paras: 25 & 29 of note. If the D.S.P cannot suggest any other ground, the ground given for the Public offices must be utilized for the purpose.

Submitted for orders.

47 A.S. 11-12-43 Secretary to Govt. Local Govt. & Public Health Dept. 12.12.43 Submitted for perusal & orders. Please see the letter from the Municipality wherein reasons have been given for requesting the additional land in addition to the drill ground required by the Police Force.

(Continuation of Note or Precis.)

the addition of the present Police proved would do away with the whole arrangement of the Guards & practically & that there appears then with the whole scheme would and have to be abandoned. Such Captains & Lieutenants &c. & Capt. added staff officers & the present entire the whole duties & duties would have any relation to Guarding entire Land & Sea side the task. please: Such I have that the Cork known for the time with to G. Lodge of the present Police proved. Letter from Asst. Adjt. General issued - N. No. 33

48 In his letter No. 1755 of 22nd Dec. 1893 the President, Municipal Commission, forwarded a copy of a resolution of the Comm^rs dated 21st idem & asked that the transfer of the Police drill ground to the Municipality might be expedited. S. 34

In reply, the President was informed, in S.L. No. 39 that a reply from the Asst. Adjt. General Kowloon Dist. regarding the small piece of ground to the west of the drill ground was awaited.

49 In consequence of the above resolution of the Comm^rs, the Dist. Superintendent of Police urges in his letter No. 582/79 dated the 11th January 1894, the claims of the Police for a drill ground. Evidently he does not want the present ground made over to the Municipality until one is obtained for drilling the Police. The military refused to grant land to the west of the present drilling ground & Mr. Hewetson is apparently averse to using the portion of the high ground marked for the construction of the Public Offices. He wants a ground S. 41

conveniently

(Continuation of Note or Precis.)

situated in the B Division, and one
at that referred to in para 21 of note.
This has to be purchased, & Mr.
Hewetson suggests that the matter
be given by the Municipality, the
same being included in the Bowring
Hospital loan or obtained by the
sale of the half of the present bungalow
stand on the Sultanji Gomta road.

Rs 2000 & odd, Mr. Hewetson says.

50 It is essential that some thing
decisive be done before the present
drill ground is transferred to the
municipality. Reference was made by Col: Nagpath some time
back for the land now wanted by
Mr. Hewetson but the owner refused
the amount. It was originally proposed
to acquire it by Land Acquisition
Act, but the award passed by the
Civil Judge (Col: Hill) was Rs 6,000!.
The owner is certain to raise the
price should he know that the
the land is wanted. Should it

be

be inconvenient to have the drilling on the Parade or High ground, there seems no other alternative but to purchase the private ground in Blackpatty now that permission has not been granted to the owner for building houses on the land, he might be induced to sell it for a reasonable price & some Commissioner or other might be able to arrange this. As the Resident was not disposed to sell half the Cantonment when a proposal to that effect was made in August 1893, the amount required for purchasing the ground in Blackpatty must either come from the municipal budget or be included in the loan to be obtained for the Bowring Hospital improvements.

Better leave the matter in the D.I.P.'s hands? H.C.

File No. 284/93

51 If approved, the President may be addressed in continuation of P.L. No. 4, 39 and asked Privately whether any steps have been taken to provide a drill ground for the Police. It may be suggested, d.o, that

(Continuation of Note or Precis.)

that the ground in Black Valley might be purchased privately for the purpose by the Municipality who ~~should~~ are in all fairness bound to get a ground for the Police.
Submitted for orders. May a reminder issue when to the Asst. Sec. Genl. for a reply to 21. N. 33 which issued on the 14: December 1893.

Le 16 32 A.S. 18-1-94 M. The Estimates for the purchase of a Police Barrack at Upper Lee contain Item for Extension of Police Barrack at Lower Lee amounting to £600 Pounds Compensation to Police for detachment in adapting to present Police Barrack, Should you please state when Extension of Police Barrack Upper is likely to be commenced & work for Enclosure of Barrack, & why should the Police pay one penny for Water when Water Works Supply Extension Item, Should Water Works Supply Extension be completed before Police Barrack Extension Item, Should Water Works Supply Extension be completed before Police Barrack Extension Item, Should Water Works Supply Extension be completed before Police Barrack

53 The reply from the Military Authorities
No. 33 in regard to the small strip
of land to the west of the present Police
drill ground required by the Corporation
Municipality in connection with the
improvements of the Bowring Hospital
has now been received - Vide No. 181.B of
22nd January 1894 from the Asst. Adjt.
General, Bangalore &c. & enclosures. S. 42.

54 The application was referred to the
Ex. Engr. Bangalore Div. Military
Works, who reported against the grant
of the small piece of land as such grant
would interfere with the Construction of the
East Working Lines inasmuch as the roadway
between the lines would be very much
narrowed. The Officer Commanding the
Div. submitted the Correspondence to H.Q.
the Commander-in-Chief and strongly
recommended the grant of the land to the
Corporation Municipality if
it was found unable to
would not therefore grant the land
until the completion of the other lines of defence
but has reserved that should
it be found not required for the new lines he
would be inclined to meet the wishes
of the Municipality -

(Continuation of Note or Precis.)

55. His Excellency ~~has~~ adds that he has no objection to the Colonial Police using the ground to the West of the present drill ground for drill purposes on the understanding that this will be only a temporary arrangement & that the ground will be required resumed whenever required for military purposes.

56 The decision of the military authorities as regards the small piece of land to the West of the Police drill ground might be communicated to the President, Municipality as it may be necessary to revise the present proposals.

57 It seems to be of no use to accept the offer of the temporary use of the ground to the West of the present Police drill ground. Considerable expense will have to be incurred before the ground is levelled for drill purposes & the Police, & it is not known how soon the military may want it back for their purposes.

Submitted for orders.

(Continuation of ~~Note or Precis~~.)

The loan of 75 000 rupees required by the Town Station Municipality is repayable in accordance with the Board's resolution in 10 years at an interest not exceeding 5 per cent. The Commissioners have signified their intention to allot ₨ 10,000 every year towards the payment of interest & reduction of loan.

Taking the rate of interest at 5 p.c, the payment will be as follows:-

13 1/3 p.c of the loan

		₨
		75,000
Debt on say 1st April 1894 -	during 94-95	
Less 12½ loans	Payment by the Municipality	10,000

Balance - - - 7977

Debt on 1st April 1900 - - - - - - - - - 32,489

Payment by the Municipality - 10000

Deduct interest at 5 p.c on 32,489 - 1625

Balance - - - - 8,375

Debt on 1st April 1901 - - - - - - - - - 24,114

Payment by the Municipality - 10000

Deduct interest at 5 p.c on 24,114 - 1206

Balance - - - - 8,794

Debt on 1st April 1902 - - - - - - - - - 15,320

Payment by the Municipality - 10000

Deduct interest at 5 p.c on 15,320 - 766

Balance - 9234

Debt on 1st April 1903 - - - - - - - - 6086

This balance, 6086 together with interest thereon Rs 304, in all Rs 6,390 can be paid in the year 1903.

The total sum paid in shape of interest in the 10 years & repayment of loan will amount to Rs 21,390

M.
10-3-14

(Continuation of Note or Precis.)

65 Two Statements submitted
Stat. A shows the loan paid
off in ten years.
Stat. B. shows the loan paid
off in 26 years: in the former
the interest paid will amount
to Rs. 21390 and in the latter
to Rs. 59830.
Taking into consd.n the fact
that Municipal funds must
contribute largely towards
the water supply of the Station,
the calculation as in Stat B.
appears the most convenient;
the yearly payt. in this case
will be only Rs. 5250/.
If the period for which the loan is
to run is to be consd.n, a sum
of Rs. 1500/- representing 2% on

on the original loan, may be paid annually towards the principal & interest on the diminishing Capital but it will be liquidated for 50 years. Submitted.

66 10.3.94 Revd. Mentioned to Mr. Ellis that I should like to see him & Mr. Temple. Mr. Ellis's estimate would cost for Bath & Wells between £6,000 & £7000 p.a which with interest on the loan of £100,000 for 30 yrs will make £16,000 to be provided annually. A large sum when it is considered the funds we have been thinking of W.S. scheme & a sanitation scheme.

GS 14/3

67 The best plan will be to write to Mr. Pratt & say it seems to have been intended when the enlargement of the R. Hospital was undertaken that the enlargement of the Bath Hospital should not involve a considerable extra expenditure in maintenance & that, under these circumstances, the Rev. Trustees would be willing to contribute at the rate of £600 per annum (one tenth).

(Continuation of Note or Precis.)

Sir Alex Mears knowing how the loan will be paid off in 10 years for interest.

The President that the drains offices sewers & commence then principal buildings at once, but in view of the necessity of obtaining the sanction of Govt to the loan it seems desirable to defer commencement of the work until Govt has sanctioned the loan & the entire project is certain to be carried out.

Mr Hewetson will pack the matter of the extra expenditure before the next ordinary meeting of the Committee & in the meantime will officially & Dobson & give as exact information as to the extra expenditure that will be involved in the whole scheme.

We may also ask him what extra expenditure will be incurred in the event of Govt declining to sanction the loan & of the Municipality accepting merely the offer of the drains & trunk the treatment & the two easte wards

14/3

68 Bottom Schedule of Expenditure may account rendered of refer to P. Works Com" (Ll 62) I am informed that all the same items admit that 1600/- as mentioned cannot be met Probably not even 11.000

Ldr 30/3 -Sl.68

---

69 In letter No. 2748 Dt 24th Apl 94 the Port. reports that Municpl funds can pay Rs 5000/- towards repayment of a loan of Rs. 75.000/- and Rs. 6,000/- towards the sum due Govt. for the D.C. hospital - This is estimated to leave Rs. 13.000/- for special drainage & water supply and a closing balance of Rs. 16.000/- annually. - The calculation is based on a probable ~~surplus~~ annual surplus of Rs. 40.000/-

70 The matter may now be Submitted to the G. of India. According to Sec. 91 of the M. Reps. the Govt. should submit the plans & estimates for the proposed improvements

RESIDENT'S OFFICE.

No. 4403
14-93

Dated 4th Dec 1893.

Desp. —do—

To

The President, Municipal Commissioner,
& Ex Station of Bangalore

Dan

I am directed to acknowledge the receipt of your letter No. 1543 dated the 18th November 1893, forwarding plans & estimates for the proposed additions & improvements to the Bowring Civil Hospital, and requesting that the sanction of the Govt of India may be obtained for a loan of Rs 100,000/- being raised on the security of the general revenues of the Municipality.

2. In reply, I am to say that the Resident has no objection in principle to the loan in question, but desires to have the terms of repayment more specifically stated, before the Govt

7

of India is addressed in the matter.

2. It is believed that at the meeting of the Commissioners held on the 30th ultimo some fresh proposals were made about reducing the cost of the improvements. I am to ask that, if this be so, they may be submitted as soon as possible.

I have, &c.

Assistant Secretary to Govt.

4/12.

My dear Radcliffe Brown.

I fear there is still much doubt as to the Police Grill proving, although obtained from the Military authorities I believe, being given over to the necessities for Hospital purposes, and if such be the case I very much fear the proposals to extend the Barrow's Hospital will collapse altogether. The Sub-Committee which, you may remember, met some [illegible] months ago, sat at the Barrow's to reconsider there recommendations in the further consideration of any recommendations but

I am afraid not much for
will come girls detachments
unless it is known in certain
that that ground will be handed
over for Hospital purposes as there
will be no place to put all the
buildings required to form a Depot
& complete Women & Children's Ward
& Cattle Hospital & Maternity &
middle private Doors will have
no scope to carry out their functions
& intentions unless the Establishment

If you could still let the Municipal
President know something definite
about the Police Bill passed the Sub-
Committee, to which I refer, would that
be in a better position to act?

I have been in official correspondence
on this subject with the Municipal Executive
since it was first started but nothing
definite seems to come of it & the matter
is apparently as far off as it was
at the beginning of the year: All
the available accommodation in the
Bowring is used up & for the past
month it has been so overcrowded I
have, in the interests of the many here
obliged to refuse admittance, except
in very urgent cases, & fearing that
any further overcrowding might lead
to worst disastrous results. I have

pleased that arrangements daily
in progress of all this still opposition
in the matter of daily acquiring that
ground, is given to the carrying out
of measures which if not early attended
to will, I feel certain, lead to very serious
consequences. I cannot be held re-
sponsible when my recommendations,
made after much consideration, are
not acted upon & think too when
it would seem perfectly feasible to
give effect to them: the principle of
being in the withholding of the
required ground whereon to begin
Constructing the buildings has provide
contributions.

I have the honor
to be
Sir
Your most obedient
humble Servant
C. B. Dalrymple

4/12

My dear Rawenshaw

many thanks for your note just received.

I will, on the chance of finding you in at 7.30 to-morrow morning, call at your house & drive you down to Hospital: the meeting of the Sub Committee is at 8 o'cl. & in the meantime it would be well an Wednesday if you fully explained everything to me. I wonder you did not get notice of the meeting but it is, I think, yet another instance

Of the ship and very things
are done in the best of Mrs -
In case you may have
any other engagement at
the hour I name please
do not wait - in for me as
should I not find you in I
will understand
Yours sincerely
A B Dobson.

Bangalore 5th December 1893.

My dear Bromfield.

Please " letter No. 4402/14/93 of 4th December 1893. asking for a piece of ground to the west of the present Police drill ground ~~for the alteration~~ and addition to the Bowring Civil Hospital.

The Commander-in-Chief with Quarter Master General will be here on the 7th inst and if the matter could be settled during their stay it would be a great boon.

The building proposed to be erected on the present Police Drill ground (vide Dist. Staff office No B/3688 dated 25th Sept 1893) and the additional ground asked for in connection with the Bowring Civil Hospital will be wards to be given by rich natives Thumbu Chetty - Ismail Sait and others and it is most desirable that we should strike the iron while hot and can resume work at once This cannot be done without the grant of extra land and until the matter is decided by Quarter Master General. work is at a stand still. —

I am on the sub committee now considering the alteration and additions to the B. C. Hospital & have represented the matter to Lieut Colonel Anderson who is taking a great interest in the B. C. Hospital and he has asked me to write to you to expedite the sanction of grant or otherwise of the piece of land. If Commander-in-Chief or Quarter Master General could spare a few minutes I would call with Dobson and explain what is required or one might meet his Excellency on the spot. Gaze is well aware of what is wanted and is in favour of the grant.

Will you kindly do your best to assist us- and oblige.

Yours sincerely
(sig) Chas Cunningham

P.S.

The Sub Committee met again on 2nd Instant by when I hope we may get a reply about the ground. ——

Enquiry that measurement on 2nd & Final bill is ready

Sir,

With reference to the Correspondence ending with my letter No. 1533, dated 18 November 1893, I have the honour to inform you that the Residency Surgeon is desirous of commencing work, at once, on the Public Parade Ground, which, it is understood, is to be handed over to the Municipality in connection with the additions and improvements to the Bowring Civil Hospital, and to request that you will be so good as to inform me whether

whether I am at liberty to take the ground over on behalf of the Municipality, and have it prepared and extended for the future hospital buildings thereon.

A plan of the ground as sent to you with my letter noted.

I have the honor to be

Sir

Your most obedient Servant

J. Monypenny

President.

Dec 6.
Bangalore.

My dear Ravenshaw.

I will do what I can to expedite the grant of the additional land for the B.C.H.

The Chief & staff will be out for from there about 4. P.M. on to Friday afternoon, & will ask the D.M.G. if a conference on the spot cannot be arranged: then publish you and

Dobson

Dobson might attend & explain matters to H.E.

Personally, I see no objection to the grant being made: the main difficulty is to do it sharply & guide the procedure thro' the various offices which the wealthy nation is still feeling liberal.

yours sincerely

J. A. Bromfield.

DISTRICT STAFF OFFICE,
BANGALORE DISTRICT.

Urgent

1-11/12/93

BANGALORE, 11 December 1893.

From

The Assistant Adjutant General,
Bangalore District.

To

The First Assistant to the Resident
in Mysore
Bangalore.

Sir,

With reference to your letter No. 4102/141-93 dated 4th instant, I have the honor by direction of the Officer Commanding the District, to inform you that, owing to the site of the proposed East Hutting Lines extending up to the hedge, West of the present Police drill ground, and all the land West of that hedge being required for the construction of those Lines; he regrets that the plot of land now applied for, for the use of the Police drill ground cannot be made over for that, or any other purpose.

2. Please note that the land of the present Police drill ground, which was

~~I have the honor to be~~ recently
~~Sir,~~

recently sanctioned for additional
buildings of the Bowring Civil Hospital,
lies East of the house alluded to
in the above para; a row of buildings
in the proposed new lines will be but
20 feet from West side of the house
in question

I have the honor to be,
Sir
Your Obedient Servant,

[signature] Captain,
Dy. Asst. Adjt. Genl., B.D.

12/12 32.

Apld for Rec'd

Herewith the plan you asked for this morning. The blue ground color shows it to be military land & the piece which is required to admit of the building being put there. The greatest width is 89 ft. & 48 feet below. Lieut Colonel Sage will, I am sure, remember, if he is applied to, what he has

any circumstances for hesitations for the Safety
so close to Hospital buildings coming up to that
Block could scarcely be the proper thing for
a Building formed. This plan will also show
that the buildings for a Female Hospital cannot
be crowded together on the Mill St. property.

Yours truly

ENCLOSURE—No. 1

Sir.

I have the honor with reference to the attached copy of a proposition which was passed at the last ordinary meeting of the civil and military station municipality dated 21st ultimo, to ask that the Resident may be pleased to confirm his directions contained in your letter no. Sl 16 3285/141-93 dated 23rd September 1893. which were to the following effect.

Sl 9 "With reference to your letter no. 550 dated the 26th June 1893 regarding the extention westwards of the Bowring civil Hospital

I am directed to inform you that the military authorities have no objection to the present police drill ground being used for the purpose indicated in your letter under reply, but as this necessitates the relinquishment of the ground by the District Superintendent of Police for whom another plot must be provided, I am to ask you in consultation with Mr. Kemeton to submit proposals on the point."

As the Municipality can not secure for my new Police ground (in place of my present ground) land adjoining the existing Police drill ground, and as it is essential that the drill ground be conveniently situated to the B division, I would urge, and would beg the Resident's support, that the municipality do obtain by purchase, and make over to me, the vacant ground adjoining the B Div. Police lines, the purchase money Rs 2000 odd can be included in the Bowring Hospital loan, or conveniently met from the sale of the half of the present laundry stand situated on the Sultanji Goontah road.

I have the honor to be

From

The Offg. Adjt. General,
Bangalore District.

To,

The Executive Engineer
S.W. Bangalore Dn:
Bangalore.

Sir,

I have the honour to forward herewith letter No. 4306/141.93 dy 14th instant with a plan from the Offg. to the Resident in Mysore applying for a piece of land (marked yellow in the plan) west of the present Police Drill ground for additional buildings being erected in extension of those proposed to be constructed on the Police Drill ground for the use of the Bowring Civil Hospital and to request that, having in view the site plan of the proposed East Hutting Lines and the great advantage of the

additional building to the Bowring Civil Hospital, will you be good enough to forward to this Office at your early convenience, any suggestions you may have to make as to the practicability or otherwise of carrying out both schemes in this subject ?

2. Paras: 4 & 6 of Appx to the Resident's letter are specially brought to your notice.

I have &c

Sd/ H. Irwin, Capt:
Dep: Asst Adjt Genl:, B. Dr:

No. B/3732 of 10.12.90.

II

Asstt Adjt General, Bangalore Distt.

1. Returned as requested with all enclosures.
2. The intervals between the blocks of Family Quarters in the East A.I. Lines when reconstructed, will be 36 feet.
3. Should the extra strip of land now asked for be given for the extension of the Bowring Hospital, this will be reduced in the case of seven of the blocks to about 15 feet, which would leave a very narrow roadway between

The

the Lines.

4. I may mention that the interval in the case of the North Lines now under construction is 60 feet.

5. However desirable it may be to help the Civil authorities in the matter of the Bowring Hospital extension, I am of opinion, on thinking the matter over, that it would be a mistake to try and crowd a Hospital and Lines for a R. I. Regiment so close together, it would be a bad thing for the Lines to be placed so close together, and the Hospital would probably suffer even more from want of open space around it.

sgd B.R. Ward
Captain, R.E.,

III

B
No 5156 G. 19. 12. 98 Quartermaster General,
Otacamund.

Forwarded for the information of His Excellency the Commander-in-Chief and favour of his instructions regarding

2. Having in view the possibility of the early erection of the new East Huttingdines, in accordance with the site plan received with your No. 127 M. W. dated 20th July 1890, I am unable to recommend the application of the First Asstt. to the Resident in Mysore still less, as I concur in the opinions expressed by the Executive Engineer, Bangalore, Dn:, Military Works, in his No. 3/3732 dated 10th instant, attached.

3. Should, however, there be no possibility of the ground in question being required for new Lines, I would strongly recommend the grant of the plot asked for to the Municipality. The Bowring Civil Hospital is an excellent and most useful institution and I think, that, should an extension of it be carried out, it would probably meet all that is aimed at in the establishment of the Cantonment Hospital at this station, and the latter institution might be abolished and the building in which it is located

owned

could there be utilized for other military purposes for which it is required.

I have &c.
(sig.) D.G. Hansford Col:
Commanding Bangalore Distt.

No. 111 in. IV. Cantonment
19th January 94.

To

The G. O. C. Bangalore Distt.

As the scheme for siting new lines for the Regiment occupying the East Hutting lines at Bangalore is still under consideration, the Commander-in-Chief regrets being unable to grant the extension of ground applied for by the Municipality for the proposed additions to the Bowring Civil Hospital, but should it hereafter be found that this piece of ground will not be required for the new lines, His Excellency will be favourably inclined to meet its views.

2. As regards the ground required by the Police for drill purposes, His Excellency has no objection to their making use of the plot coloured green in the

accompanying tracing, on the understanding that this is only a temporary arrangement, and that the ground will be resumed whenever required for Military purposes.

Please return.

By order,
Sdg G. Simpson Colonel,
Jr Quarter Master Genl

V.

Bangalore
22nd January 1894.

To The First Assistant to the Resident
in Mysore
Bangalore.

Forwarded for information with reference to correspondence ending with your letter No. 4306/141-93 dated 14th December 1893. S. 33

2. Return of this correspondence is requested also the plan received with your above mentioned letter to admit of its being copied in this office after which it will be returned to you.

Sd/ H. Trim Captain
Dy: Asst. Adjt. Genl, S. D.

-63- Bangalore. 20/1/94 43

My dear Robson.

The Commander-in-Chief's decision regarding the extra piece of land asked by Police Drill ground is that as the scheme for new lines for the Regiment occupying the East Artillery lines is still under consideration, he regrets he is unable to grant the extension of the ground applied for; but should it thereafter be found that this piece of ground will not be required for the new lines His Excellency will be favorably inclined to the grant to Municipality.

The present Police Drill ground being inadequate for the required build I think you should move content yourself to building within the present limits of the B. G. Hospital.

I cannot think the President will agree to any work being commenced on the present Police Drill ground.

Until Govt. Indicate sanction the Loan and it is actually raised.

II. The full amount from private donation is realized for proposed Wards &c

Yours sincerely
(sd) C. W. Cumming

Mr Shuckburgh
Colonial Office

2571.

Sir

I have just returned from Municipal Meeting and find you do. relative to the Police ground &c. I would matter advise the Extra piece of ground referred to is not given as the present Police ground, with the Market Stand, will be quite sufficient, & the buildings are being planned accordingly. This be communicated to ~~you~~ when I received your Despatch to which you did

I'm doubtful much if the addition'l ground would be given by the Building Committee to meet at the meeting today and he said immediately every thing was arranged for beginning to build, on the other side of the road to the Burning Bush, he would vacate the ground or rather that his men would not hinder their operations. He also thought impossible to think of recommending that the buildings which I have proposed to be erected for a Female Hospital & Maternity

could be put within the present limits of the Burning Bush property there being the other ground, which belonged to the Building Committee on the Mountain, but I would not for a moment suppose any favourable disposition any favourable idea about having more buildings in the N.C.W. compound would of course be at an end. A dispensary would, under the circumstances, be placed within the limits of the Hospital where men & women would be treated: moreover when I proposed additions to the Burning recommendations at first did not include a separate female & Childrens Hospl & a Maternity: I will therefore see how many

to have the Plan drawn & Bill framed &
as it has been understood by the Visitors
& the Hospl & the first formally reported
to the Board at today's meeting the
Board of course no longer belongs
to the Visitors & as a necessary con-
sequence the Plan can be no longer
considered to be in possession of
the Board. I therefore take it that Mr Stanton
& his counsel to use it as a Bill framed
& will report to the Governors
of the Hospl Board this day for pending
their being required for building on by the
Hospl. The other conditions which
Mr Stanton will I presume need to be
fulfilled before the works are actually
started but I trust the President would
press immediately their being started
by promised Grants such as Plumbstuff
& Paper & nail duties &c. &c. & require
the Act of Indemnity to stand over.

Note

Papers & memo 1, 2, 3 & 4 above returned for file.

-66- Beaconsfield

31st. March 44

My dear Rawnsley

Referring to your note of the 25th in which you mention that you do not think the Rivett would agree to any work being commenced on the present Plan till Grant "1, 9 of Sanction the loan and it is actually raised, "1, the full amount from private donations is obtained for proposed Wards &c". I am afraid should it be delayed till then it is not unlikely that the whole matter, at least so far as concerns private donors, will

constructed and not from Capt Jones in connection with the new Sewerage & Cart tramway & Kildare Hospital; to which, I hear, Colonel Henderson has permitted to be named after him, might follow as soon as the Govt of India's sanction to the loan is obtained?

What I want to make clear is that all private contributors, in regard with all matters in regard to their offers have been before the Municipal and subsequently received the Revd Dr Sandemans; be allowed to start their buildings as the Police Govt post as Numbers chiefly is doing now with his Dispensary in the B.C.H. Compd. Those kind Opportunities of speaking personally with Major Donnell Capt Guiseppe Philip & Annaswami Modelliar and they all seem to wish to begin building so that each of them may have their wards constructed before the setting in of the S.W. Monsoon Major Donnell Capt says should any happen to him & that his "Instructions" thereon commenced should rest to on his family to carry out the conditions proposed by him: the other two doctors speak in a similar manner. All of them are desirous of acting up to their promises but will not keep to the planned matters so as they have been done without anything being definitely settled.

I think besides that the present overcrowded state of the B.C.H. in its different wards being done to prevent such a state of things, as there are today about 440 more sick in the wards than they are able to accommodate & if they continue to be overcrowded in this way I shall have either to ask for some additional to application over & above

alone what can be usefully decided therein or I cannot be held responsible for the results.

All the plans & estimates of the proposed alterations & the Secretary building as well as those for the Infectious Disease Hospital & the new female Workhouse will be put before the Sub Committee about the 12th Feby as well as the letters of provisional dimensions of buildings and I think we shall be able to show that 75. over Rs. 1. 8 a bag, as originally asked for, will be sufficient with the promised private contributions to carry out the whole of the works.

Having already replied to that part of your letter regarding your opinion as to the inadequacy of the Police Bill framed for the required buildings I can only say we will bring our heavy

artillery unprovided. It would be plain even on the face of the proposed buildings within the compass of the B.C.R. as aside from the sanitary & sanitary aspect of the case it is objectionable to place a lying in hospital within the limits of a general hospital the acquisition by the Municipality of the Police Drill Ground from the Government with the view of not crowding up round the present B.C.R. with additional buildings beyond that of the new Dispy (as erected by Thornhill) & a separate road for private patients. It was moreover required with the object, in addition to the foregoing, of giving place for a Hospital for women & children in order whose the wards of the Secretary B.C.R. from their overcrowded state by the

removal altogether from there of all female patients & to make a separate hospital for women which would have the effect of the latter more popular than it is the case of having both sexes to view to each other. I must I have closely adhered to the Hospital written minutes to that any previous misapprehension which may have taken place as to the exact state of affairs, may be removed and that the Resident will be pleased to act upon my suggestions and only direct that the Police Hill ground and Suttee Island be handed over to the Sub Committee to get ready for building

It was resolved by the Hospital Committee upon the results of my recommendation to remove the Suttee Island & at the same time the Board resolved that

the carriage shed opposite the Police Hospital be utilized until the Suttee Island as being in every way suitable for the purpose in regard to this. I have further to say that I distinctly told the D.S.P. that there could be no objection, on Hospital grounds, to the Suttee Island being so located & as mentioned at the last Hospital meeting mentioned that I viewed object to its being there I then said or rather repeated that its being there could in no way be looked upon as objectionable in the light of the present Suttee Island which is absolutely necessary as the site upon which to build Hospital Jamaica Limits "Mistress of" In

Doctor Dobson

My dear Sir,

I am much pleased with the plan of the proposed "maternity" which you have had prepared and which you so kindly sent me for inspection and approval. So far as I am able to judge it seems to be a very Complete Building and the Cost, as Estimated within Rs 10,000/- appear to be very fair, seeing that it provides for a Substantial and good work throughout and that the wards are designed for Sixteen Beds well the addition of detached Bathroom Cook room and the Servants Godown. If the Site for the "maternity has been decided upon by you on that ground opposite to the Bowring Hospital I am now, fully prepared to carry out my promise as made to you Some months ago to Supply the funds necessary for this provided the Same is not to exceed Rs 10,000/ (Ten Thousand) for the purpose, and Shall deposit the Sum of Rs. Five Thousand as an advance towards

the

the Starting the work to dispose of as you may see fit to recommend, while the Balance of the total Sum, not exceeding Rs. Fore Thousand to Complete the Construction of the proposed Maternity &c I shall like wise meet when called upon to do so. If, as I hear the work Connected with the proposed improvements to the Bowring Hospital are under the Consideration of a Specially appointed Committee I beg that the detail of my "Maternity" may be left to it, in Consultation with you, and I have only to ask that the following Condition may be accepted.

A. That the Building be called Hajee Ismael Sacts' Maternity."

B. That it be opened to all classes of the people without destinction of creed or Caste.

C. That no undue delay take place in its Consistruction in accordance with the approved plan & Estimate, as proposed by the Residency Surgeon (Doctor Dobson).

I would here wish to refer to what I believe has been resolved upon by the Municipal

Comm.rs

Commissioners at one of their meetings that the Mysore Government be moved through the British Resident to be pleased to direct the supply at first Cost price of the Timber required in the construction of all Buildings for the improvement to the Bowring Hospital on the ground that the work is a charitable one and deserving of a Special Consideration Should their indulgence be granted it would be of Course Considerably lessen the Costs under the head of Timber, and in this Case it would reduce the Amount of the Estimate and for the balance only I will be liable to pay; in which Case the Estimate needs be Rs 8000/- Eight Thousand or thereabouts.

In Conclusion I would beg Should you think fit, that a Copy of this Letter may be Sent to the Resident in Mysore for his kind perusal and in view to his early disposal of the matter

Believe me &c.

(Sd) Hajee Ismail Saib.

No. 12424
R.T. 69-93

OFFICE OF THE DEWAN OF MYSORE,

Dated, Bangalore, 30th January/31st 1894.

441
2/2/94

From

The Chief Secretary to the
Dewan of Mysore.

To

The First Assistant to the Resident.
in Mysore.

SIR,

I am directed to acknowledge the receipt of your letter No. 44/141-93 dated 5th January 1894 asking for a grant of timber and cart free from the Mysore Government for certain proposed additions and improvements to the Bowring Civil Hospital and to make the following observations in reply.

2. The requirements in respect of Medical institutions, present and proposed within the Dunbar's own jurisdiction are large and

increasing and the State is obliged to spend upon such institutions all that it is able to devote for purposes of Public & Medical Relief.

The grant of timber at cost price was made on a few previous occasions to certain Charitable Institutions both Military and with and the Mysore jurisdiction, but this mode of granting aid was found to be inconvenient and had to be abandoned. All grants-in-aid which the State feels called upon to give are accordingly now given in cash and not in timber

4. The patients in the Bowring Civil Hospital belonging to some castes to places outside the Civil and Military Station, do also

patients in the City Institutions of Dublin belong to the Civil and Military Station. This interchange of patients is inevitable owing to the situation of the Station in the middle of the State and cannot give rise to claims for help from either to the other

I have the honor to be,

Sir,

Your most obedient Servant.

F. Miranda Ross

Chief Secretary.

Compd K.S.

No. 494
144.93

Dated 9 February 1894.

The Asst. Resr Com:
C. Bn. Selwyn

Sir

I am directed to reply to your letter No. 1616 of the 2nd Dec. 93 forwarding copy of a resolution of the Municipal Comm. in which the Resident is asked to move the Darbar to grant timber free of cost price for the additions & improvements to the N. C. Hospital.

Sr. 28

2. I am to state that the Darbar are not able to comply with the request as the regulations in respect of medical institutions present & proposed within the Darbar's own jurisdiction are large & increasing, and the State is obliged to spend upon

last institution all that it is able to devote for purposes of public medical relief.

4 As regards the argument advanced by the Comptr. in support of their request namely that upwards of 30 per cent of the patients treated in the hospital are subjects of H.M. the Queen resident, I am to state that patients in the City institutions often belong to the Counties: this interchange of patients at times, is inevitable owing to the situation of the Counties in the middle of the State.

I am &c.

[DRAFT]—For approval.

No.

Dated 6th March 1894.

To

My dear Genl. Fischer

I have laid your letter of yesterday before the Resident about commencing work &c in the Gutka Hands. Col: Anderson desires me to say that he can pass no orders until the whole thing comes up to him in the usual way, i.e. the plans & estimates have not yet been sent up to him, and all he has seen has been in an unofficial way.

He wishes the whole scheme sent up to him complete; he notices that nothing seems to have been done to shew how the increased establishment required for B. C. A. when it is enlarged and improved is to be met. In sending up the scheme this must be clearly

shewn, also the names of indi-
-viduals or individuals who will
provide the loan.- As regards
repayment of the loan Col. Henderson
thinks the period can be made
as long as possible, but a certain
sum must be set aside annually
as a sinking Fund.

Col: Henderson does not
think it desirable that you shd
undertake the supervision of the
work mainly because it appears
to be against the Municipal Regns:
as you are a Commissioner. You
can however as Presidt: of the
Sub-Committee supervise the Ex:
Engr: who will have to carry out
the work under the supervision
of the Sub-Committee of which you
will be the head. This will avoid
any individuality as regards
yourself and enable you to use
the

(Continuation of ~~Note or Precis~~ D. O.)

the Sub-Committee as the body from which the orders will issue.

Yours Sincerely

Sig'd C.M. Stavrinoharo

Lt. Col. Asstt. President.

No. 7. 2379 106 Bangalore 55/6
19 2 94 17th February 1894

To,

The President Municipal Comm.
Civil and Military Station,
Bangalore.

Sir,

In forwarding copy of Pro-
-ceedings of the Sub-Committee in
the Bowring Civil Hospital of this
Station, dated 15th instant I have
the honor to transmit the plans
and estimates amounting to
Rs: 24,900 for alterations and im-
-provements required to the exist-
-ing building and for constructing
infectious diseases wards as finally
approved of by the medical autho-
-rities. These works should, I am
directed to state, be put in hand
at once as it will be seen by a
memo from the Residency Surgeon
that the hospital cannot accom-
-modate anything like the numbers
seeking its aid.

2.

2. I forward an outline of the hospital proposed to be constructed on the Police ground and jutka stand for females and children to be called the "Henderson Hospital". Plans and estimates for the several buildings are now in preparation but as the several Donors are quite prepared to begin operations and have approved of the designs the Committee recommend they be allowed to begin building as soon as the ground has been prepared for them and the sites marked out. This can be done at once as the Military authorities have finally made over the ground to the Municipality and a sum of ~~Rs~~ 400/- is still available from savings in this year's budget from the allotment for "Repairs" to the Boorieng Civil Hospital.

3.

3 The Committee also re-
-commend that the Wards for
Paying patients estimated to
cost Rs: 5,000/- be sanctioned a
an experiment well worth trying
Many people are going to Madra
in case of sickness as there is
no accommodation for them here

4. Colonel Henderson the
British Resident in Mysore
visited the hospital this morn-
-ning, and has gone through
the Plans, and was pleased to
express his approval of the de-
-signs generally; and agreed in
considering the improvements
should be made as soon as pos
-sible, especially in the existing
buildings as the hospital can
no longer afford adequate accom
-modation for the ~~members~~ sick
relief.

5. The Committee therefore
trust the Board will now approve
and sanction the designs for
this

this hospital and allot funds for the works being proceeded with at once, as a small loan of Rs: 25,000 is all that is required to be raised at present, and the whole loan required for all purposes will not exceed 3/4 of a lac of rupees.

I have the honor to be
Sir,
Your most obedient servant

Wm. T. Pitcher
General R. E.
President, Sub. Committee.

Proceedings of the Sub-Committee meeting held in the Bowring Hospital at 8 A. M. on Thursday the 15th February 1894 for the discussion of the following subject

General Fischer — President.

Members present:

Major Ravenshaw.
The Residency Surgeon.
B. Krishnasingh Esqre R.B.
M. Venkatasawmy Esqre R.B.
P. L. Bride Esquire.

Members absent.

H. W. Cliff Esquire
R. F. Hayes Esquire
M. Abdul Rhyman Saib Esquire K. B.

1st Read letter proposing to call the women and children Hospital "the Henderson Hospital."

Carried Nem Con:

2nd Read letter from Messrs. Hajee Ismail Saib, Annasawmy and Gungatharachetty proposing to construct certain parts of the women and children Hospital on conditions stated therein.

Recommended that the Cordial thanks of the Committee be conveyed to these gentlemen and their proposals be Submitted to the Board with an Expression of opinion that their works be put in hand at once and the Sites marked out as the accommodation

for

for females is most urgently needed.

Carried Rem. Con.

3rd Letter from General Fischer proposing to prepare the Police ground and pitha Stand for the Female Hospital at a cost of Rs 500, be undertaken at once.

Recommended that the work of preparing the Police ground &c for the Female Hospital be Commenced as early as possible, and funds be provided for the same before the close of this official year as the Donars are prepared to begin operations as soon as permission is obtained

Carried Rem. Con.

4" Recommended that the Police ground be taken possession of at once by the Sub-Committee.

Carried Rem. Con.

5th. Read Residency Surgeon's Memo on the present accommodation in this Hospital, Showing the urgent need of Separating the Female patients and providing additional accommodation as soon as possible.

Recommended the above be Submitted to the Board for early Consideration with a view

to

to the proposed improvements being carried out as soon as possible.

Carried Rem: Con.

6th Read letter proposing to receive a Loan for the improvements to the Hospital &c. as the amount originally asked for 1 lac of Rupees will not be required the Committee recommend that a sum Rs 75,000 be raised by Loan and be paid for by Savings from the Annual Reserve.

Carried Rem: Con:

7th Submits Plans, Estimates &c for the improvements of the Bowring Hospital.

Recommended that these plans and Estimates amounting to Rs. 24,900 for alterations to the Hospital, and for constructing infectious disease wards, be Submitted for the Sanction of the Board at its next meeting. The cost is about Rs 13,000 less than formerly Estimated for. Dr. Thumboochetty's Contribution of Rs 8000 and the cost of paying Patients Wards being omitted.

8th Read proposal for constructing paying Patients wards Recommended by the Residency Surgeon at a cost of about Rs 5000.

The Committee strongly recommend that

the

this proposal be favorably considered and sanctioned by the Board.

9th. The Residency Surgeon submits the outline plan for Women and Children Hospital proposed to be constructed on the Police ground Estimated to cost from Municipal funds, equipment being included, Rs. 40,500. Kt.

The Committee recommend that the detail Estimates now preparing be completed and laid before the Board as early as possible.

Dear Major Cunningham

-117-

After considering the subject as well as I can in the absence of Dr Dobson and making any liberal allowance we can think upon the income and cost for Establishment of the new Hospital may amount to R7000 a year at the very utmost - From the present cost of R26,146 probably reductions can be made when the Female patients and children are transferred to the new Buildings: Again for the Lepidium diseases Wards and the Maternity it is impossible for an outsider like myself to say, what the permanent Establishment is likely to cost, in the former month in seasons of Epidemics prevailing the cost will not be very large, and in the latter it will be dependent very largely on the birth-rate which appears to be very small in this Station. "Again" Repairs" with increase after some years and so with cost of European Medicines if the number Rupees keeps falling in value - I make the Estimate increase R6000 and have added another R1000 for the several items of uncertainties above noted, the Doctor may perhaps be able to reduce cost and this Dr Dobson is very careful about but I have not the advantage of his experience with me - I am sorry to say the Police present by just the chance have not been much use to us, so I am unable to touch on the Buildings for the Dacoit and the Lunatic or any delays tho' the Board ought to be making authorized them in proceed with the Wards they had commenced & pray for -

Yours sincerely

Wm. Tudhope

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To Surgn Hobbs,

The ~~Offg~~.Residency Surgeon,

~~Bangalore~~. Kodaikanal
Pulney Hills

Send P.P. Hobbs
-) this present address

Dated Bangalore, 14 March 1894

SIR,

With reference to the scheme for the enlargement of the Cowring Civil Hospital I am to ask you to submit a statement as early as possible giving exact information as to the extra expenditure that will be involved in the items of Establishment medicines. Several applicants of the Hospl.

[1] By the whole scheme as proposed by the Municipality

[ii] By the Municipality accepting merely the offer of the donors to build the Maternity and the two Caste Wards in the event of the Government of India declining to sanction the loan.

I have the honour to be,

Sir,

Your most obedient servant,

First Assistant Residen.

Serial No. 6

RESIDENT'S OFFICE.

[D R A F T]—For approval.

No. 967 In 2
14193.

To

Dated 15th March 1894.

To,

The President, Municipal
Commission,
Ct m. station.

Sir,

I am directed to acknowledge the receipt of your letter No: 2113 dated 6th march 1894 and enclosure regarding a loan of Rs: 75,000/- to be raised by the municipality on account of improvements and additions to the Bowring Civil Hospital.

2. The plans and estimates forwarded with your letter under reference provide for.

(i) Alteration to the present building

(ii) Removal of certain wards from the present building and their ~~creation~~ erection on what is known as the Police drill ground on West of the markets road.

(iii) Erection of caste wards ~~and~~ maternity on the same ground

3 It is proposed to provide the funds for i & ii by raising a loan of 75000/- at 5% to be repaid in 10 years from the municipal revenue while those for iii are promised by private individuals

~~to provide the funds for the two~~ Before European & Native caste wards are ~~are~~ and finished

and two blocks for European & Native patients

and the subsidiary buildings for III

named caste wards & maternity work

4. Before submitting the proposal of a loan for the sanction of the Govt of India, I am to point out that although the ~~amount asked for viz~~ annual payment of Rs. 10,000 requested in your letter with the guess the loans asked for is in about ten years ~~Rs: 75,000/- may meet the cost of erecting the building~~, the enlargement of the Hospital will entail considerable extra expenditure in establishment, diet and medicines which has been estimated by the offg. Residency Surgeon, in the enclosed memo, at Rs: 6,000/- p. a ~~which~~ for which no provision has been made.

5. In forwarding a detailed statement shewing how the municipal fund will be affected if the loan is paid off as proposed in 10 years, I am to ask whether the Board have fully considered whether the funds are in a position to bear the annual charges (including cost of extra establishment &c, due to the enlargement of the Hospital) of Rs: 16,000. for the next 10 years.

6. It would appear to be the wish of the donors of the Caste Ward and maternity that their works should be commenced at once, but in view to the necessity of obtaining the sanction of the Govt: of India to

RESIDENT'S OFFICE.

122 — Serial No.

~~[D R A F T] — For approval.~~ (Contd)

~~No.~~

To

_ated 189

to the loan as well as ~~that~~ some provision ensuring
~~must be made~~ for the extra expenditure entailed by the enlargement of the Hospital, the Resident considers it desirable to defer commencement of the works until sanction has been obtained by Govt to the loan, and ~~provision made to ensure~~ there is an absolute certainty — a certainty of the project being carried out.

I have tea,

Yrs Truly
Resident

16/3/94 file -125-

My dear Rosemary

Yours of the 15th - with
enclosure a note from
from Jack Fincher - about
the Browning hospital business
I really cannot follow
what he wants - he cannot act for
himself
David leaving two
of the Browning trustees
at my house. and with
better news

exact position after their
visit. And I am informed ... is going on
the President will see
me again on the matter
soon as I am better
posted as to the exact position
of affairs"

I should ask that
with the permission of the members of the Sub-Committee
and. I should be invited
before the President
in this matter - officially
so that all the information

may know exactly what

Hope that the
President will agree with me that the course I have
suggested is the only proper
one. Personally, I do
not apprehend the least
difficulty in the matter,
either as regards the
action of the Powers
of Europe - or the Imperial
Government's part. I think

Shall do that the Board req.
does what is wanted.

Of course, the Hospital Committee rather incurs (except myself having been nominated by the Board) must report action to the Board. It appears to me that Prof Fisher has a tendency to an impression that the Committee can act in every particular of their own accord.

Yours truly
Edw. Thurston

To Colonel R. D. Henderson Resident in Mysore

9-3-94

Dear Sir,

I am given to understand that Colonel Magrath and Mr. Hewetson have opposed the New Hospital for Women and Children being called by your name tho' the Sub-Committee had unanimously recommended that this should be done, in consideration of the great interest which you have all along taken in this matter. Indeed I might say it was chiefly on account of your endeavouring on Dr. Dobson's proposal to establish this most useful and charitable want that I was induced to contribute, as far as I could, towards a building for a Maternity in connection with these improvements for the benefit of all classes. I could not have thought for a moment that such opposition should have originated from the aforesaid members of the Municipal Commission,

and

and it is with feelings of great surprise and vexation that I have heard of this circumstance and the Board's resolution thereon. I can assure you that it is my intention, and I believe it to be that of the other donors, to withdraw altogether if the proceedings of the Sub-Committee, recommending this Hospital to be named after yourself, are set aside, as one of the conditions made by myself is that the building of my Maternity is to be carried out under the entire control of the Sub-Committee, and the other donors have all agreed in this matter, as we have no faith whatever in the Municipal Board giving early effect to our wishes, or in fact to any improvements even when these are calculated to benefit the health and welfare of the whole community in this large Station.—

I regret that in consequence of my absence from Bangalore, and great pressure of business I have been unable to address you before, & trusting I am not now too late in bringing this matter to your notice in order that you may take such steps as you may consider necessary to secure the success of the undertaking.—

I remain Dear Sir,
Yours obediently.
Hajee Ismail Sait

To

Hajee Ismail Sait
English Warehouse
Bangalore

Dated 10 March 1894.

Sir,

In reply to your letter No. 3015 dated the 3rd march 1894, I am directed to say that the Municipal Commissioners for the Lal Bagh Station having made a formal application to this office for a loan towards the proposed improvements of the Bowring Civil Hospital, the Resident trusts that there will be no delay in obtaining the sanction of the Govt of India to commencing the work.

2. With regard to the name that the new portion of the hospital will bear, Col Henderson is, I am

am to say, much gratified that the donors desire the block to be called after his name, but he trusts that any decision the Board may pass in the matter will be accepted for he should be very sorry to think that the donors should withdraw their offer on account of any difference of opinion as to naming the block

I have, &c.

Asst Asst Secretary.

Sir,

I am in receipt of your letter of the 14th March 1894, No 141.93 requesting information as to the Extra Expenditure that the scheme for the Enlargement of the Bowring Civil Hospital will involve in the item of Establishment, Diet Medicines and General upkeep of the Hospital. In reply I have the honor to state that as the Statement called for is, I note, expected to contain exact in-

formulation of the whole scheme,
as proposed by the Municipality" and
the Municipality accepting merely
the offer of the Government to build the
Sabarmati Cantonment and the two Cantonments
the grant of the Government of India de-
clining to sanction the loan", I find it
absolutely necessary, before taking
any further action in the matter to
request to comply with the foregoing re-
quest to refer to my office records, and
to inform me of the future progress of the
proposed scheme. I receive a fully supplying
full particulars in all respects in the matter
of the above mentioned Municipality I shall at once
be in a position to submit the
desired statements as required by
Government—My letter

Subd with M/P
M/29.3.94

From,

Surgeon Lt. Colonel A. F. Dobson
Residency Surgeon, Bangalore
on leave.

To,

The First Assistant to the
Resident in Mysore.

Sir

In reply to your letter No 953/141-93 dated Bangalore 14th March 1894, and in continuation of my reply thereto, No A/1 of the 18th idem, I have now the honor to submit for the Resident's information the accompanying Statements with particulars of expenditure worked in the Scheme for the Enlargement of the Bowring Civil Hospital as called for in the above.

2. It will be observed that the total extra annual expenditure incurred (I) "by the whole scheme, as proposed by the Municipality", being adopted amounts to Rs 5980, and (II), "by the

Immediately according merely the offers of the donors to build the Maternity and the two caste wards to Rs 4944. or a difference of Rs 1036 only.

3 The extra recurring expenditure on establishment for the next part arises under the proposal to build the Maternity and the two Caste wards whereby the necessity arises of providing for a separate subordinate female medical Staff &c. consisting, as shewn, of an Assistant Surgeon on Rs 120 per mensem with free residence quarters; two Hospital Assistants at Rs 35 Rs 35, and nurses with menial Servants amounting in all to Rs 339 per mensem.

4 On the other hand the transfer of the women and children from the present Bowring Civil Hospital, to buildings

which it is proposed to erect for that purpose on the Police drill ground, entails little or no extra expence beyond the addition of two female Hospital Assistants, one Nursing Sister, one cook for Europeans, one bearer and one bearer at a cost of only Rs 121 per mensem.

5. The foregoing considerations in regard to the small extra expenditure incurred are, I am of opinion, small as compared with the great advantage that would be sure to result from the establishment of a separate Hospital for Women and Children, which would admit of sufficient and better accommodation for all classes of males in the present buildings,

as well as being the very surest means of rendering European Hospital treatment more popular amongst Indian women.

I have the honor to be

Sir

Your most obedient Servant.

A. B. Balmain

My dear Reinhardt,

I have just sent for
the Nachtr. Katalogue you
called for but as I had it
time to copy them and
you would kindly send
specimen pages in my
Spec. as if you will
let my enter take copies
I shall be much obliged
I hope my letter will reach

you in good time. If
there is anything in the
statements which may not
be quite clear don't hesitate
to ask me, & I will do all
in my power to explain as I wish to
him very fully on the
subject since I hear you are
up here. I hear you are
having an unusually
hot weather for this

hand. the savings of last year
have of course lapsed.
2/4/94

To

The First Assistant to the Resident in Mysore,

BANGALORE.

Sir,

I have the honor to forward copy of a resolution of the Municipal Commissioners No. 20, dated 29th March 1894, sanctioning a further grant of Rs 399, from Savings from the allotment for repairs to Bowring Civil Hospital in the Budget for the past year, to defray the cost of temporary establishment, reported by General Fischer to be still required for the purpose of drawing up triplicate copies of detailed plans

plans and estimates with Specifications, for the several works to be erected in connection with the Banning Civil Hospital Improvements, 1st Set to be furnished to the Donors who have applied for the same, 2nd Set to be filed in the Municipal Office, and the 3rd Set to be Kept by the Sub-Committee for reference, and I request you will be so good as to obtain the Residents' Sanction to the same

2. Rs 399/- may be entered in the budget for 1894-95 under head "Incomplete Works" in addition to the amount already shown in the statement submitted with my letter No: 2204, dated 17th March 1894.

I have the honor to be
Sir
Your most obedient Servant

Edw. Hewetson
President
